INTRODUCTION:-

Introducing Cleo, your ultimate companion in the world of online shopping. Cleo is not just another market price tracker app; it's your personal assistant designed to empower you with real-time data from various websites, ensuring you make informed decisions with every purchase.

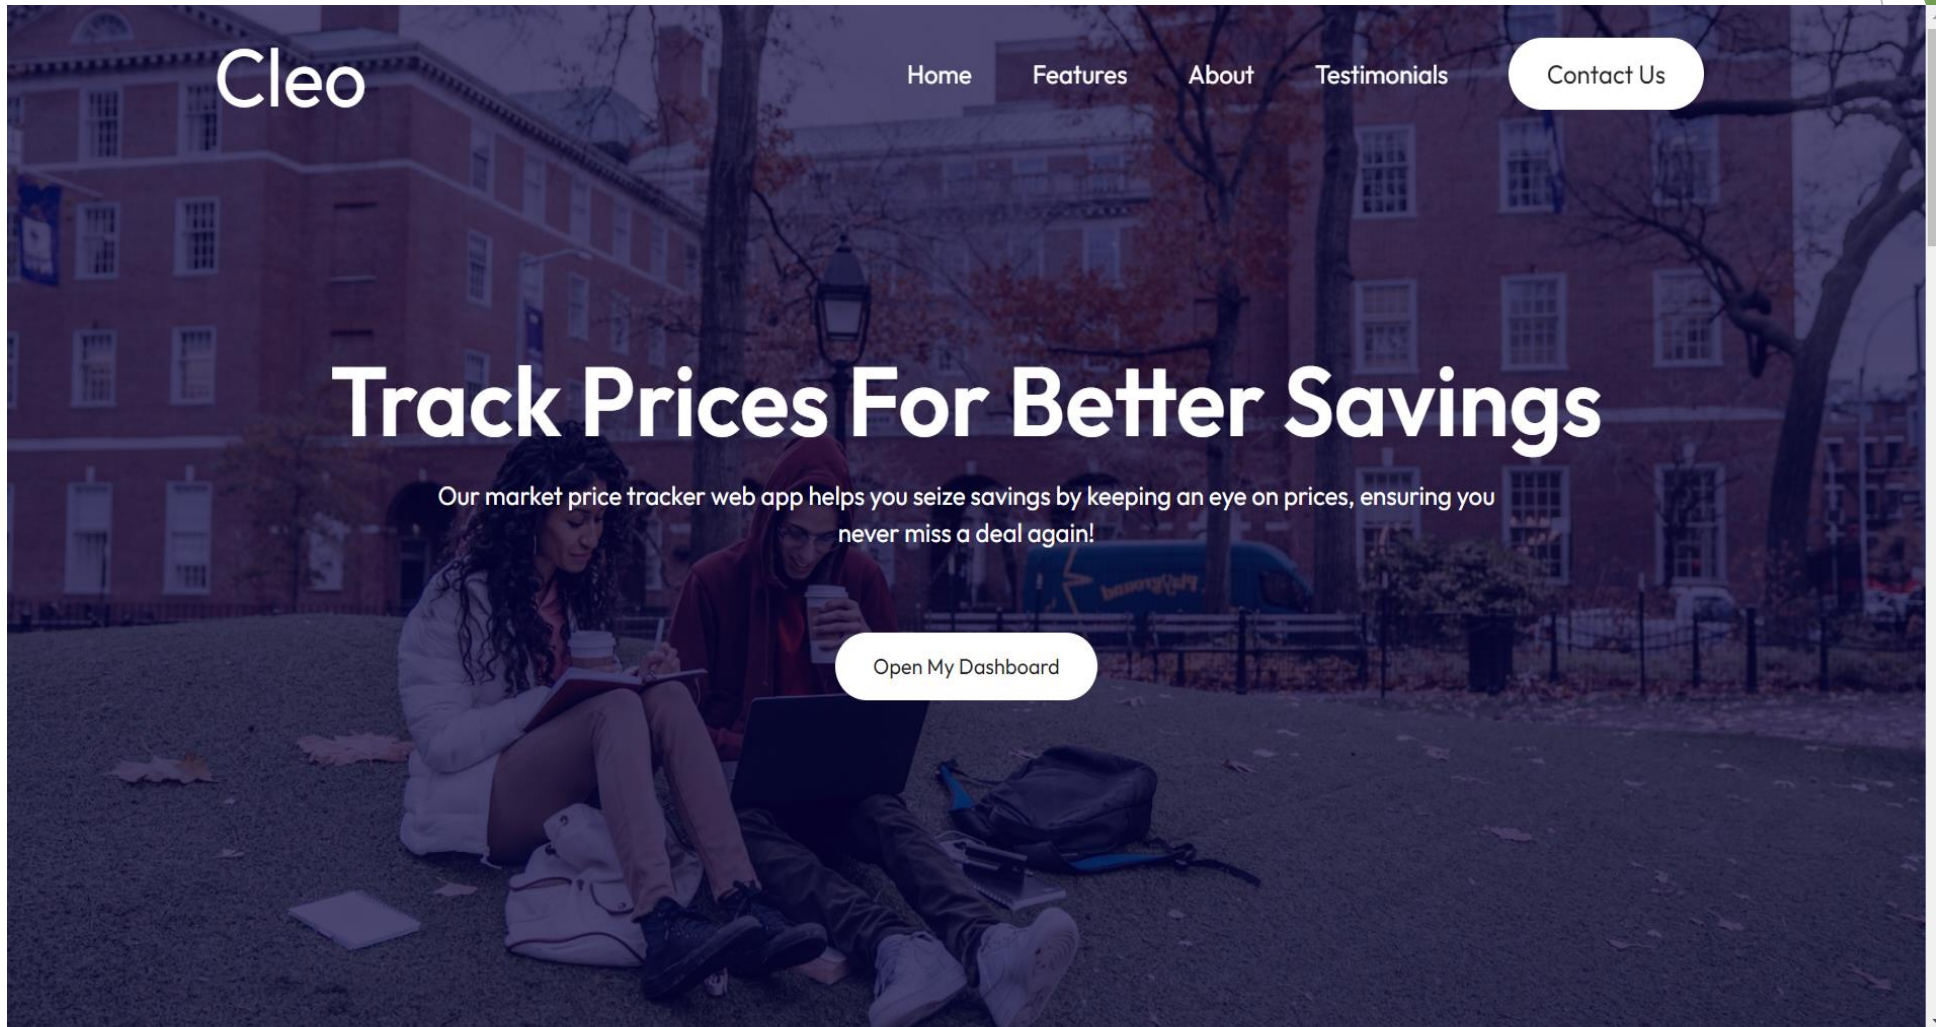

PROBLEM STATEMENT:-

- ▶ *There is a pressing need for a reliable and user-friendly market price tracker app that empowers consumers with timely information, enabling them to shop with confidence and maximize their savings.*
- ▶ *This app should seamlessly integrate with multiple e-commerce platforms, provide customizable alerts, and offer intuitive features to streamline the shopping experience.*
- ▶ *By addressing these pain points, such an app can revolutionize online shopping and redefine how consumers make purchasing decisions in today's digital age.*

TECHNICAL DETAILS:-

- ▶ *Visual Studio Code(VS Code) has been used as IDE(Integrated Development Environment).*
- ▶ *ReactJS is used to create this project.*
- ▶ *It uses JSX to combine HTML-like elements with JavaScript.*
- ▶ *React's virtual DOM optimizes performance by minimizing unnecessary updates to the browser.*
- ▶ *JS(JavaScript) is used to provide functionality to different components created using HTML.*
- ▶ *External CSS has been used. React routers are used to switch between components and eliminate reloading.*
- ▶ *React scroll package has been used to scroll through the landing page.*
- ▶ *Media Queries have been used to make the page responsive.*

TESTIMONIALS

What Our Users Say

William Jackson

Cleo, USA

As a busy professional, I don't have time to constantly monitor price changes. Now, I can relax knowing that Cleo has my back, notifying me whenever there's a price drop on items I want. Highly recommend!

Daniel M.

Cleo, USA

Cleo has become my go-to tool for all my online shopping needs. I've saved hundreds of dollars since I started using it. I can't imagine shopping without Cleo now! Highly suggested
